BE-6001 | Fillet Washer

Salmon Fillet Washing.

- Hygienic open-frame design for easy cleaning.
- Low water consumption.
- Available with chemical dosing unit.
- Optional stand alone air blower for fillet drying.

Cleaner Fillets, Enhanced Efficiency.

The Beritech BE-6001 Fillet Washer not only excels in removing slime and scales but also significantly reduces product contamination, ensuring that salmon/trout are both clean and dry prior to packing or further processing. Designed with efficiency in mind, it uses minimum water consumption, making it an environmentally

friendly choice for seafood processing facilities. Additionally, the washer can be customized with an optional integrated fillet dryer for optimal drying results, an optional chemical dosing unit for precise sanitation needs.

Machine

Model	BE-6001
Dimensions LxWxH	2235 x 1100 mm
Capacity	Up to 60 fillets/min
Power Consumption	6.9 kW
Water Consumption	28 liters/min
Electricity	3 x 400V + N + PE / 3 x 220V + PE
Weight Approx.	155 kg
